

EU DECLARATION OF CONFORMITY

Document Number: DOC-0381-R-2 **Rev Number:** 1
Part Number(s): See tables in Annex
Description(s): XL4 Nitrox Demand Regulators
Manufacturer: Apeks Marine Equipment Ltd., Neptune Way, Blackburn, Lancashire. BB1 2BT, United Kingdom.

This declaration of conformity is issued under the sole responsibility of Apeks Marine Equipment Ltd.

EU Regulation(s): Regulation (EU) 2016/425 Personal Protective Equipment (PPE)
 EN 13949:2003 – Respiratory equipment. Open-circuit self-contained diving apparatus for use with compressed Nitrox and oxygen. Requirements, testing, marking.

Risk Category of PPE: Category III in accordance with the essential health and safety requirements as described by Annex II of Regulation (EU) 2016/425 Personal Protective Equipment (PPE)

Conformity Assessment Procedure: EU type-examination (Module B) set out in Annex V & conformity to type based on internal production control plus supervised product checks at random intervals (Module C2) set out in Annex VII of Regulation (EU) 2016/425 Personal Protective Equipment.
 Under the surveillance of notified body DNV GL, Brooktorkai 18, 20457 Hamburg, Germany. Identification number 0098.

CE Certification applied for: Personal Protective Equipment (PPE) using harmonised standard EN 13949:2003 – Respiratory equipment. Open-circuit self-contained diving apparatus for use with compressed Nitrox and oxygen. Requirements, testing, marking.

Type Examination performed by: INPP, Port de la Pointe Rouge - Entrée n°3, BP. 157, 13267, Marseille Cedex 08, France.
 Notified Body No. 0078

EU Type Examination Certificate number(s): No0078/2480/079/1117/0029
 No0078/2480/079/0917/0025
 No0078/2480/079/0917/0025-EXT.No001-08-18

Accompanying conformance certificate(s): Air Liquide 2017/R252

Quality Control Assessment: Module C2 - DNV GL, Brooktorkai 18, 20457 Hamburg, Germany.
 ISO 9001 - BSI House, 389 Chiswick High Road, London, W4 4AL

Reference of harmonised standards used: EN 13949:2003 – Respiratory equipment. Open-circuit self-contained diving apparatus for use with compressed Nitrox and oxygen. Requirements, testing, marking.
 EN 250:2014 – Respiratory equipment – Open-circuit self-contained compressed air diving apparatus - Requirements, testing and marking
 EN 144-3:2003 – Respiratory protective devices – Gas cylinder valves – Part 3: Outlet connections for diving gases Nitrox and oxygen.
 EN 12021:2014 Respiratory equipment. Compressed gases for breathing apparatus.

Remarks: Testing of the auxiliary emergency breathing system acc. to EN250:2014, Annex B was performed at a depth of 50 msw, with an air flow of 830 l/min at cold water conditions.
 1st stages may be used with 2nd stages connected via Apeks hose up to a length of 2.1 m.

REACH Declaration

Document Number: DOC-0381-R-2

The European REACH, Registration, Evaluation, Authorisation and Restriction of Chemicals regulation, came into force on 1st June 2007. The objective of REACH is to improve the protection of human health and the environment through the better and earlier identification of the properties of chemical substances.

Aqua Lung UK / Apeks Marine Equipment operates and is accredited to the Environmental Management System ISO14001:2015 that is applied to both our own designed and manufactured products, plus any distributed products which would be considered downstream under the REACH definitions and therefore have no pre-registration or registration obligations under REACH.

We maintain intensive contact with our suppliers to ensure that the REACH obligations regarding Substances of Very High Concern (SVHC) are not included in our products, (Articles), where possible. As the list of SVHC is updated periodically by the European Chemical Agency (ECHA), part of our Environmental Management System is to review the list on an ongoing basis. Should our goods contain a SVHC we will always try to substitute where possible or, we will inform our customers where required, as part of our obligation under the REACH regulation as a downstream user.

To the best of our knowledge, at this time, the products listed in the below Annex tables comply with REACH legislation.

In case of further questions regarding the implementation of the REACH regulation in our company, please do not hesitate to contact us.
